

**ASLRRA SOUTHERN REGION MEETING**  
*and HazMat Handling Training Seminar*  
**November 7-9, 2010**  
**J.W. Marriott Buckhead – Atlanta, Georgia**

## MEETING AND REGISTRATION INFORMATION

### INVITATION TO ATTEND

from **TONY RECK, SOUTHERN REGION VP**  
 and **THE SOUTHERN REGION BOARD**

As many of you may recall, five years ago, we were scheduled to hold this Southern Region Meeting in Biloxi, Mississippi at the beautiful Beau Rivage Resort. After the utter devastation caused along the Gulf Coast by Hurricane Katrina, it unfortunately became necessary to find a new home for this conference – and fast! The J.W. Marriott Buckhead stepped up and made room for our event back in 2005 and we are delighted to be returning again this year to once again enjoy their hospitality.

As your board representatives, we are compelled to encourage you to attend and participate in this year's meeting. With so much legislation and regulation bearing down on the railroad industry, and the economy slowly moving forward, you can't afford to miss this event.

The Southern Region Board has focused all of its energies on creating a valuable educational experience, full of opportunities to network and learn something new, while remaining mindful of the many commitments vying for your time and attention. We've added impact while tightening up the agenda and allowing you the biggest bang for your educational buck.

On the business end of the program, this meeting and the associated HazMat Handling Training seminar will provide a great mix of educational topics that are timely and thought-provoking and designed to keep members up-to-date on the latest changes to the regulations affecting the small railroad industry. This event embraces all of the education, industry news, and social events that you've come to expect from an ASLRRA meeting.

These meetings are a great opportunity for the face-to-face visits with other members and one of the most important means we have for communication. Every year, priorities, problems and policies change within the environment of regulations, legislation and industry requirements. Feedback from you as to what your concerns are and your views on government and industry matters is crucial to how we conduct the Association's future programs and projects.

So don't miss out on this opportunity to meet with your peers, while sharing ideas and networking with others in the industry. Make plans to head to Atlanta where we're working on building a strong program complete with new features and activities to help you connect. We sincerely look forward to seeing you and welcoming you to this conference.

**SPECIAL EVENTS &  
 CHANGES FOR 2010**

**SMALL RAILROAD KNOWLEDGE  
 EXCHANGE SANDHOUSE SESSION**  
**Sunday, Nov. 7; 4:00pm – 5:15pm**

Attention small railroads! You told us that you come to this conference and you are disappointed because you wanted time to sit down with other small railroad operators to interact and exchange ideas and best practices in a relaxed setting. This event is just for you! Join ASLRRA small railroad board representative, Eric Lee, and ASLRRA staff members, as they lead this discussion session. Come with your operating and regulatory questions and be prepared to dialogue with your fellow members!

**FRA/ASLRRA TRAINING SESSION ON  
 HAZMAT HANDLING**  
**Educational Opportunity Added**

This 12-hr. training session will start early Monday morning and will conclude at noon on Tuesday. Attendees will be afforded the opportunity to attend all of the social events and meal functions with the regional meeting attendees in our table top exhibit area. More importantly, they will have access to first class training conducted by FRA and ASLRRA personnel. See page 5 for additional information on this valuable training opportunity. This session is open to all railroad and supplier representatives and a certificate of participation will be distributed at the conclusion of the training. *Note: If you sign up for this training seminar, you must fully participate for the 12 hours in order to receive full credit and receive your certificate.*

**EVENT SPONSOR TABLE TOP  
 EXHIBITS: ADDITIONAL VALUE**  
**New Benefit Added to Lineup**

In an exciting new development, ASLRRA's Event Sponsors will be eligible to receive a table top display space at this year's regional meeting. There is limited space available to preserve the informality of the conference and to maximize vendors' productive and substantive exposure. All displays will be located in high-traffic areas where attendees gather: receptions, breakfasts, refreshment breaks and lunches. Space will be available on a first come, first served basis. Additionally, we will hold drawings in the exhibit area thanks to our door prize sponsor, and attendees from both the regional meeting and the training session will be eligible to participate. Prizes will include a Canon PowerShot digital camera, Apple iPad, Home Depot \$100 Gift cards, and a portable mini LCD projector, as well as a three night stay at next year's annual meeting hotel or a complimentary registration to the event. Check the final program for drawing times. **See page 6 for additional details on event sponsorship and exhibit space.**

**RECEPTION AND DINNER CHANGES**  
**Sunday and Monday, Nov. 7-8**

We're listening!! This year at your request, we've removed the group dinner from the lineup altogether, going back to the Southern Region's traditional Opening Reception, allowing attendees more time to mix and mingle on the opening night. Monday and Tuesday nights will also be vendor entertainment opportunities. This meeting redesign will allow you to 'get it all' – all the education, networking, and idea exchange with a minimum impact on your work week.

**GOLF OUTING**  
**Tuesday, Nov. 9; 1:00pm**

On Tuesday afternoon, the golfers will take to the links for a fun afternoon of golfing. Our outing will take place at Heritage Golf Links. It will be a shot-gun scramble format with lunch and

refreshments provided. We'll provide transportation as well and prizes will be awarded at the golf course at the conclusion of the event.

**COMPACT AND CONCISE**  
**Strong Content, On-Target Program**

Your time and money are valuable and with everyone's hectic schedule and the tight economy, we knew that we would have to make this year's program strong, concise, and to the point. We believe we have accomplished this goal by developing a good program, designed to educate, inform, and keep you abreast of increasing regulatory changes in the industry. This meeting will provide you with a prime opportunity to learn in a comfortable environment while networking and gaining the tools to help you do your job smarter and more safely.

**SET YOUR WATCHES**  
**Time change happens this weekend**

While you're making your travel plans, keep in mind that the clocks will 'fall back' this particular weekend. Don't forget to change the batteries in your smoke detector before you leave home.

**HAZMAT HANDLING TRAINING SEMINAR**

**Monday, Nov. 8; 8:00am – 4:30pm**  
**Tuesday, Nov. 9; 8:00am – 12:00pm**

Did you know that Federal law requires that railroad employees involved in the transport of hazardous materials be trained in its safe handling every three years? This seminar has been designed to increase your knowledge on the special requirements of handling Hazardous materials in Transportation. Conducted by FRA HazMat Managers, this course will consist of awareness and general safety, tank car 101, hazard communications, markings, labeling and other function specific points of this discipline. There will also be a presentation on storage in transit, or storage of hazardous material on leased tracks. The session will review areas such as HazMat incident statistics, incident reporting requirements, DOT special permits and FRA movement approvals, and shipper responsibilities. You'll learn the fundamental HazMat requirements including DOT registration, training, and recordkeeping requirements. Our instructor will review and then quiz the group on HazMat communications during transportation, including shipping papers and emergency response, EDI, placarding, labels, and markings. The final module will cover carriage by rail (Part 174), outlining the carrier responsibilities and the handling of HazMat packaging. Additionally, the group will review the various Tank Car types and non-accident releases (NARs) and their causes.

As this seminar will count as the triennial training requirement, there will be a test administered at the end and a certificate will be given to those who successfully pass this course. The class will start Monday morning at 8:00am and will conclude at noon on Tuesday. Seminar attendees will have access to all of our social events such as the receptions, breakfasts, breaks, and lunches. They'll also be eligible for the door prize drawings in the exhibit area. See page 6 for registration fees.

Who should attend this important seminar?

- All railroad operating personnel,
- Trainmasters,
- Conductors;
- General Managers, and
- Superintendents

**GOLF OUTING AND GOLF AWARDS**

**Tuesday, November 9**  
**1:00pm Shot-gun Start; Scramble Format**

Our outing will be held at Heritage Golf Links. This is not your typical golf course weaving through a home development. Heritage is a "core" golf course, thereby only having homes along its outside borders, making for a very traditional golf experience.

The course also has a delightful rolling topography and is rich in old trees, streams, and landscaping. The centerpiece of the property is a large lake framing many of the holes. Undulating bent grass greens challenge golfers of all kinds, enjoying a reputation as one of the most unusual and best golf experiences in Georgia.

**Gary Griswell** of RMI has once again agreed to be our golf chairman. This year's outing will be a scramble format with a shot-gun start. Like last year, we will distribute prizes at the golf course at the course's clubhouse.

**Golf Fee: \$85 per person**

Golf Fee includes range balls, lunch, beverage carts, greens fees, cart rental, and prizes awarded at closing reception. Transportation will also be provided for those requesting it, so be sure to mark it on the form if you need a ride to the course.

**Golf Club Rental: \$60 per set**

**Did You Know?**

**Georgia leads the nation in the production of paper and board, tufted textile products, and processed chicken. Other major manufactured products are transportation equipment, food products, apparel, and chemicals.**

## SPONSORSHIP OPPORTUNITIES

ASLRRRA has developed a sponsorship program with numerous event and price options available.

**Event sponsors of \$1000 or more may also have their brochures placed directly into the meeting registration packets.**

**NEW!!!** Event Sponsors are also invited to partake in a benefit feature this year: a table top exhibit area where we will hold receptions, breakfasts, lunch, and refreshment breaks. See below for further info.

Once again this year, the planning committee has added a simultaneous training session covering HazMat handling. In addition to affording our members with an additional outstanding training opportunity, we will attract new attendees to this event. Make sure that you don't miss this chance to display your company's products and services to this expanded railroad audience.

For more information on this program and the rewards associated with your contributions, contact Jenny McKinney at 202-585-3449 or [jmckinney@aslrro.org](mailto:jmckinney@aslrro.org).

## TABLE TOP EXHIBIT OPPORTUNITIES

As mentioned in the Sponsorship Opportunities Section above, in response to requests and in an effort to provide increased exposure for our valued event sponsors, the planning committee has added a table top exhibit area to the meeting line-up. These spaces will be available to Event Sponsors of \$1,000 or more and will be available on a first-come, first-served basis.

Make sure that you don't miss this chance to display your company's products and services to our expanded railroad audience.

For more information on this program and the rewards associated with your contributions, contact Jenny McKinney at 202-585-3449 or [jmckinney@aslrro.org](mailto:jmckinney@aslrro.org).

## SPOUSE AND COMPANION INFO

Spouses are encouraged to register to attend all of ASLRRRA's social activities. Registered spouses and companions will be welcome to attend all of the social events and they may also sign up for other optional events such as the golf outing. Spouses must register in order to attend ASLRRRA events and receptions.

**Fee: \$99 per person**

### Did You Know?

**Georgia's agricultural products include corn, cotton, tobacco, soybeans, eggs, peaches, and twice as many peanuts as the next leading state. From its vast stands of pine come more than half of the world's resins and turpentine. Georgia is a leader in the production of marble, kaolin, barite, and bauxite.**

## REGISTRATION INFORMATION

You must register to gain access to all ASLRRRA-sponsored functions. Badges must be worn at all events. ASLRRRA's registration is fast and convenient and available 24/7/365 using our secure online registration system. **To attend this regional meeting, please complete the online registration by clicking here:**

## TRAVEL AND TRANSPORTATION

### Airline Service

**Hartsfield-Jackson Int'l Airport** bears the proud distinction of being "the world's busiest passenger airport." The Airport has long been known as a major connecting hub serving numerous destinations around the globe.

The airport is served by Air Canada, AirTran, American Airlines, Continental, Delta, Frontier, United, and US Airways.

### Ground Transportation

The best way to reach the hotel is via **MARTA**. You can take MARTA from the airport to the hotel. Take the Doraville train and get off at the Lenox St. Station. [Click here](#) for a map of the MARTA system.

### The Atlanta Airport Shuttle Connection

provides shuttle service from the airport to the J. W. Marriott. You can pick them up at the airport, in the baggage claim area. The fare is \$20 per person one way, \$36 round trip.

**Taxis** are available outside at baggage claim as well and the cabfare will be approximately \$40.

### Weather and Time

The Atlanta weather is quite enjoyable in November, with days reaching into the upper 60's and night time temps dipping into the upper 40s.

Just a reminder too that this will be the weekend when we Fall back, gaining that extra hour on Saturday evening, so plan accordingly so you don't miss that plane!

## WHAT TO WEAR

Attire will be business casual for all events. Keep in mind that hotel meeting rooms are notoriously cool, so bring a jacket or sweater.

### **Business Casual Dress Definitions**

**Men** – Khaki slacks or chinos, oxford shirts, collared golf shirt, sport coat or blazer, sweaters and vests, ties optional, no blue jeans.

**Ladies** – More latitude in outfits with the addition of pants and sweaters, pant suits, skirts and cardigans, lower heels and brighter colors, no blue jeans.
